Chairman's Report

Our Constitution calls upon the Board of Directors to report on the activities of the Company during the last preceding financial year and on behalf of the Board I have pleasure in submitting that report for Members' consideration.

◆Financial Results

The Organisation implemented common renewal dates for 2018/19 memberships, prefixes and judges' licences, as such the necessary pro-rating resulted in an adjustment to income in 2018. This significantly impacted this income stream for the year ending 2018 but will normalise in 2019. Memberships are slightly up. Show levy income decreased, with one of the contributing factors being the cancellation of shows due to the weather. However, it is undeniable that show numbers are declining, and we do face some challenges in the future that must be acknowledged and addressed.

◆Future Challenges

During the past two years as Chair of DOGS NSW, I have come to a deeper understanding of the challenges ahead, the complex issues and their symptoms. Of much concern, is the dwindling entries at Dog Shows. Some are convinced that this is a result of too many shows, however, analysis suggests that this is not the root cause. The issue is a complex one. Much more complex than just DOGS NSW and ANKC Ltd promoting Pure Bred dogs, which was evidenced by enthusiastic public attention at the DOGS NSW, 'Dogs on Show' and the 'Sydney Dog Lovers Show'.

The public covet Pure Bred puppies, however, the difficulty for them is in obtaining one, particularly on the Main Register. With the upsurge of puppy mills we have become hyper-vigilant, with the result being that it is now almost impossible for a new person wanting to get involved in our hobby to obtain a puppy, on the Main Register, eligible to be shown or bred in the future. I urge all members to selectively encourage puppy buyers to join DOGS NSW with a view to showing their new puppy.

Less people are in fact breeding, as we impose our own stigma, along with Welfare Agencies, on members that do. Sometimes, despite breeders doing a professional job, they are still referred to as "puppy farmers". We need to breed more puppies, that is a fact, but we need to do it well and always in accordance with our Code of Ethics. The resulting lack of pure bred puppies available to the public has triggered a proliferation, of designer dog breeders who in turn, make false claims of improved health due to hybrid vigour. We all know this to be untrue but is a great marketing ploy aimed at uninformed puppy buyers. Please consider advertising your puppies on the DOGS NSW website, as we move towards making this the premiere site to search for a puppy.

There are many more challenges driven by our aging demographic, changes in society, housing developments with no suitable yard for a dog, Welfare Agencies who overreach their powers in order to victimise members on trivial matters of interpretation of the Legislation. These further challenges require more detail than can be addressed in this report, but nevertheless it is imperative that the discourse commence.

We need to offer more to encourage "new exhibitors" and the Board is actively looking as the means to do so. We all need to embrace new people and nurture them. Social media has not been favourable to engendering a positive outlook, and many of us need to review the negative way in which we use it. We are all responsible for the future of the Dog World.

◆DOGS NSW Initiatives

Earlier in 2018, we identified several projects that needed immediate attention. These included the replacement of our server, installation of the fibre optic cable, online entry and the new telephone system installation.

2018, saw the organisation achieve some significant milestones. Subsequent to our new fast fibre internet service coming online in April, the Office migrated to a new computer system which went smoothly with no impact to day to day operations. Productivity and systems reliability have greatly improved. These upgrades were long overdue and bring our systems into line with modern IT platform practices.

Chairman's Report

A new website that has the capacity to improve and boost public awareness of our organisation and the importance of obtaining their puppy from a registered breeder, is now online. Features include : Dog Finder "What breed suits my lifestyle", Online Chat Integration, YouTube channel, improved Breeders Directory, together with detailed information and illustrations on all Pure-Bred Breeds and detailed information and illustrations on all of the various disciplines and activities on offer through DOGS NSW. Also, The DOGS NSW - Royal Canin International Spring Fair website has been brought back "in house".

DOGS NSW complimentary Guest Wi-Fi can now be utilised by our Members and Guests at the Orchard Hills Complex. Additionally, a faster network is also available for Members attending functions, presentations, training, etc.

We have introduced digital membership cards instead of plastic membership cards. This has always been a huge step forward in allowing Members to keep a copy on their mobile device. Alternatively, we can now email a copy of your card instantly. This has delivered productivity gains to the Organisation allowing us to redirect resources usually used to produce and send our physical cards to other Member services and benefits. All NSW Local Councils were informed of the changes and the transition has been successful.

Conscious of the need to develop new income streams - DOGS NSW has added to its list of services the capability to take "Online entries". We are currently trialling this service for DOGS NSW shows, with a view to it being made available to all Affiliates.

Other infrastructure improvements include: the installation of the new office phone system. The new technology allows us to identify busy periods of the day for inbound enquiries and plan resourcing accordingly. All calls are now monitored to help improve our customer service and provide feedback and coaching to staff. This is also useful in assisting with investigating matters raised by our members. The system is a cloud based platform providing significant savings in call costs and infrastructure investment.

On behalf of the Board of Directors I would like to extend our sincere appreciation to the staff in supporting initiatives and in many cases instigating measures that assist us in our endeavour to improve member services.

◆Board of Directors

Congratulations to our returning Directors, Jan Seary and Russell Britten, who were successfully re-elected and to Myron Arthur and Allen Lee who were returned unopposed to the Board of Directors of DOGS NSW. I also was returned, unopposed, and look forward to working within this cohesive Board for the coming three year term.

I would like to take this opportunity to thank each and every member of the Board of Directors for their hard work throughout the year and their unstinting support of my Chairmanship. It has been a great honour to Chair this Board, who are intent on getting the job done.

◆Awards

Mr Fred Hession was also acknowledged for long term service to DOGS NSW with an Honorary Life Membership award to acknowledge his extensive and long term contributions to the Board and DOGS NSW.

Mr Ross Eldred was recognised for his contributions to the Dog World in NSW with a Distinguished Service Award.

Congratulations to both of these great gentlemen.

◆Animal Care Australia

Representing 200,000 hobbyists' breeders and animal owners in NSW, as it moves towards becoming a National entity, is fast becoming a powerful voice representing those who are the experts in animal welfare. The recently appointed Chief Animal Officer, Kim Filmer, travelled from Orange to meet with Animal Care Australia. This meeting was hosted by DOGS NSW, with Dr Robert Zammit BVSc Chairing and DOGS NSW represented by Dr Karen Hedberg BVSc, Hugh Gent OAM Chair of the ANKC Ltd, Paul Terrett and myself. This

Chairman's Report

meeting proved to be a very positive one, with Kim confirming her desire to engage with all stakeholders and to present a balanced view in the area of Animal Welfare. DOGS NSW is now preparing a code to submit to the Minister to regulate the breeding of all dogs in NSW.

◆Health and Welfare

◆**The Royal NSW Canine Council Health & Welfare Charity Limited** was confirmed by the Australian Charities and Not-for-Profits Commission as a charity and granted the following tax endorsements: GST Concession; Income Tax Exemption; FBT Rebate; and Deductible Gift Reciprocity endorsement. *(Meaning that a donor to the Royal NSW Canine Council Health & Welfare Charity Limited can claim deductions to his or her taxable income in an annual income tax return after donating over \$2).*

DOGS NSW members' dollar levy will now be channelled into our charity, allowing the Board of Directors of DOGS NSW and the appointed Board of Directors of The Royal NSW Canine Council Health & Welfare Charity Limited, control over what research projects and welfare projects the levy monies collected will fund. We will also have the capacity to assist our affiliates who are working hard to achieve better outcomes for those canines who find themselves in a rescue situation.

◆The BOAS – Whole-Body Barometric Plethysmography Chamber

The BOAS – Whole-Body Barometric Plethysmography Chamber has now arrived from the UK. For the members' convenience, Dr Robert Zammit BVSc has kindly agreed to house the chamber at Vineyard Veterinary Hospital. It is available to those with brachycephalic breeds to assess breathing and thereby contribute to the collection of valuable data. The subsequent verifiable data collected will contribute to protecting, maintaining and improving the health of these breeds. The French Bulldog Club of NSW Inc deserves much credit for their efforts and commitment in raising over \$25,000. Also, \$22,000 of the levy funds collected from DOGS NSW, members assisted in bringing this important project to a reality with some addition funds coming from ANKC Ltd levies.

◆The Bill Spilstead Complex

◆**State Dog Park:** The DOGS NSW proposal for the development of A State Dog Park – highlighting us as the hidden asset in Sydney's West, with a detailed proposal to vary our leasehold to the benefit of DOGS NSW, Local Community and the NSW Government has been published. Hard copies of the proposal are now with Tanya Davies MP, Local Member for Mulgoa, who is taking the presentation forward for us. The presentation can be viewed on the DOGS NSW website.

◆**The Research and Education Centre:** The DOGS NSW Library building to be known as The Research & Education Centre, is becoming a reality and will be located on the footprint of the former Gordon Douglas Building. Congratulations to the Library & Archives Committee for their determination to bring this project to fruition. The building is relocatable, if in the future it becomes necessary for us to move. This building will certainly be a great asset to DOGS NSW and the Complex.

◆**Other improvements:** around the grounds include: replacement of many of the canopies at ringside, comprehensive road improvements, improved showering facilities for campers, off-leash dog area.

Overall, 2018 proved to be very busy and productive for the Ground Staff and the Grounds Committee. Please accept our appreciation for your efforts to bring these projects to fruition.

It would be remiss of me not to mention the retirement of our long-term Grounds Supervisor – Steve Hadfield. Steve has served us all well over the past fifteen years, but it is time for him to enjoy his retirement, I am sure that all members will join me in wishing him all the best for his well deserved retirement.

◆Future Initiatives

Representation on the ANKC Ltd National Database Working Party. This newly formed group has achieved much in the last three months. We have had a few opportunities to discuss common challenges and been able

Chairman's Report

◆ On-line booking system

Work has commenced on our Online booking system, which will allow members to make, confirm and pay for camping, show ring hire, meetings, grounds and other spaces within the complex conveniently online. This will deliver immediate benefits and allow greater control and flexibility to our Members wanting to use these services and planning for events.

◆ Improving Member Online Experience

DOGS NSW along with all other State Member Bodies, use a membership software system provided and hosted by the ANKC Ltd. We acknowledge that the system has its short comings and falls way short of modern-day Membership management systems and online eCommerce transactions. The ANKC Ltd is currently looking at system enhancements that will bring together most transactions into a single Member portal which will allow Members to manage their personal details, update payment information, renew memberships, reprint certificates for viewing, etc. There is much work to do in this area and is complicated by seven different States all having different requirements. DOGS NSW is also looking at alternative platforms that will give our Members greater control and deliver richer online, self-serve experiences.

◆ Thank you

It is with pleasure that I present this report, at the end of my second year as Chair. It has been a productive year, but there is still much work to be done. I wish to thank our hard working Committees, fellow Board members and the CEO Virginia Gagan-Wilson and staff for their commitment, determination and support making this another productive year for the Company.

To the all members thank you for your ongoing support and positivity. To each and every one of you- may 2019 bring you great success in whatever Canine disciplines and activities you enjoy.

♦ Mr A Lee

It's been an interesting year with a lot of changes and upgrades which will result in a better way that DOGS NSW operates. I'm happy to be a part of this organisation and thankful to be able to represent the Northern Region members. I enjoy helping clubs where possible with setting up for their shows and anything else that needs to be done. Show dates seem to be one of the hardest battles for country clubs with either clashing or running weekends which I think leads to a decline in numbers, however, with two clubs running together the same weekends seems to be working I look forward to representing the Northern Region for this term as a Director and would like to thank you for your support.

♦ Mr P Cutler

During 2017/2018 I held the following positions Chair of the DOGS NSW Grounds Committee and the Public Relations Committee. With the help of my committees we have achieved the following: - Grounds Committee: Completed construction of the large 'off leash' area for dogs; obtained approval for extension of the bitumen road. Work will be completed by the end predicted due to availability of machinery to prepare the area as our job was small and all available machinery was being used for Government projects; Convened a subcommittee to finalise the Safety Procedure for the DOGS NSW grounds; Demolished the Gordon Douglas Building due to asbestos and termites being found to be present in the building. Public Relations Committee: Ran a highly successful Dogs On Show showcasing our sport to the general public. As a lead up to this years' show we encompassed social media to promote our show and as a result webpage received 110,000 hits; Implemented presentation of the 25 year and 50 year awards at the Dogs On Show event; Organised a one off trophy in remembrance of Mr Miles Gunter which was presented to the Best In Group winner of the Utility Group; Currently organising this year's Christmas Show; Implementing more fun activities for the members' children; Implementing new ideas such as if the show is affected by our current heat policy the event will continue with only the events for members and their children.

 - 8.1 C Rafton to move by Special Resolution
THAT the RNSWCC Articles of Association, Part III – The Board of Directors – Chairman and Deputy Chairmen, Article 40(a) which currently reads:-

40.(a) *No person may hold the office of Chairman for more than 3 consecutive years*

Be deleted in its entirety.

RATIONALE:

The Directors of DOGS NSW are voted in by the membership of the Region that they represent, and the number is that of fifteen (15). We elect a Chairman from amongst our number, yet we must sometimes choose from amongst those that are “available” owing to the compulsory restrictions made by this Article. We need to be able to select the best person for the position of Chairman. If you trust us to vote as Directors, then you must trust us to choose the Chairman, as we do every Committee Chair, yet these can be retained without any restrictions. Surely the Chairman is the most important to have the right person for the job.

8.2 C Rafton to move by Special Resolution

RNSWCC AGM Agenda

Wednesday 7 November 2018

RATIONALE:

It is now usual practice for Corporate entities to conduct voting by email and/or other electronic video or telephone link ups. In the case of RNSWCC Ltd, it would be used for the ratification of a motion already passed by the Directors at a previous meeting but requiring the Board of Director to re-confirm the resolution no less than 14 days after the original motion (re Article 50), or receipt of ANKC Board Minutes, or in relation to urgent issues if approval for change of dates for shows, etc:-

- a) when a face to face is too expensive, or;*
- b) cannot be arranged due to absentee apologies if in person, or;*
- c) if by email when skype is unavailable due to remoteness or NBN issues.*

- 8.3 K Hedberg BVSc to move by Special Resolution
 THAT the following Clause be added to the RNSWCC Articles of Association as a new Clause numbered 91:-

Protocols for DNA Parentage Testing

91. Except in the situation where there is a question as to parentage and a complaint has been made to the Board of Directors, or if the *Member Body* so requests, there shall be no mandatory DNA Parentage Testing in New South Wales.

RATIONALE:

At the June 2018 ANKC Ltd Special Board meeting, it was resolved to amend ANKC Ltd Regulations Part 6-The Register & Registration by adding a new Clause 6.12, which reads:-

6.12 Parentage Proven for Registration

- 6.12.1 *All puppies whelped after 01 January 2020 and being registered on the ANKC Ltd database as Main Registered are to be Parentage Proven by DNA. All results are to use the International Society for Animal Genetic (ISAG) marker and are to be submitted to the member body prior to registration.*
- 6.12.2 *Where a breeder makes application to upgrade a dog to the Main Register then the dog is to be Parentage Proven as per 6.12.1 prior to being upgraded.*
- 6.12.3 *Collection and testing of the DNA sample is to be conducted pursuant to protocols at Section 2 of these Regulations.*
- 6.12.4 *All dogs, frozen semen and Fertilised Ova imported into Australia from 01 January 2020 are to be Parentage Proven in accordance with this section.*

RNSWCC AGM Agenda

Wednesday 7 November 2018

6.12.5 *All Frozen semen registered after 01 January 2020 is to be Parentage Proven in accordance with this section.*

DOGS NSW Board of Directors firmly believes that mandatory DNA parentage testing is not required at this time and would deliver a negative impact for the following reasons:

Will add considerable cost to every puppy registered on the Main Register.

Will have the added effect of significantly increasing the number of puppies placed on the Limited Register.

DOGS NSW is currently experiencing, dwindling membership and shrinking income, this further impost will drive many to either stop breeding or resign their membership and move to other emerging registration bodies.

Leaving the requirements for DNA parentage testing limited to those cases where there is a clear doubt on parentage as currently occurs, is sufficient to safeguard the database.

The instigation of Australia wide testing would require a framework that currently does not exist.

DOGS NSW does not believe that it was the intention of the ANKC Ltd National Canine Health & Wellbeing Committee to endorse such a recommendation.

DOGS NSW does not support this amendment to the Regulations.

9. MEETING CLOSED

Please note that members attending the AGM will be required to produce their digital membership card, which will be checked upon entry to ensure that their membership is currently financial.

PROXY VOTING: A Proxy appointment form is published in this issue of the DOGS NSW October 2018 Gazette and is also included in the Annual Report available online at www.dogsnsw.org.au

Completed Proxy forms must be posted to the RNSWCC, PO Box 632, St Marys NSW 1790 or faxed to the office, so as to be received by no later than **4.30pm on Tuesday 6 November 2018.**

INDEPENDENT AUDIT REPORT

To the Members of Royal NSW Canine Council Ltd,

Opinion

We have audited the financial report of Royal NSW Canine Council Ltd, which comprises the statement of financial position as at 30 June 2018, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Royal NSW Canine Council Ltd. is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the company's financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the directors' report for the year ended 30 June 2018, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

RNSWCC Financial Reports

For the Year Ended 30 June 2018

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

RNSWCC Financial Reports

For the Year Ended 30 June 2018

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.
