BUILDING OUR FUTURE

November 2019

Traffic changes on The Northern Road near Littlefields Road and Gates Road Luddenham

Roads and Maritime Services is continuing work on The Northern Road from Littlefields Road, Mulgoa to Glenmore Parkway, Glenmore Park.

As part of our work, we will implement the following **traffic changes throughout December (weather permitting)**:

- **In December**, we will reduce the speed limit from 80 kilometres per hour to road work limit of 60 kilometres per hour from south of Littlefields Road to north of Gates Road
- From Tuesday **10 to Thursday 12 December**, the intersection of The Northern Road and Littlefields Road will be closed **between 8pm and 5am**. Following these closures, The Northern Road will be realigned to the west to allow work to proceed on the eastern side of The Northern Road. December 13 and 16 are planned contingency dates for night work completion.

When this work is finished, there will be a temporary roundabout on The Northern Road between Littlefields Road and Gates Road to allow safe access into the work compound located to the east. We have included a map to show the location of the temporary roundabout.

How will the work affect you?

The reduced speed limit will be in place from south of Littlefields Road to north of Gates Road on The Northern Road. The new temporary roundabout will be in place at the entrance to the work compound between Littlefields and Gates Roads. Electronic signage will be in place to guide motorists and road users through these changes including the reduction of speed limits.

There will be some noise associated with this work. However, we will make every effort to minimise noise by adapting our construction methods to reduce noise impact as much as possible.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
