(04/10)

EXTREME WEATHER & SAFETY GUIDELINES

Extreme Weather – Impact on Shows

- 19.1 Legal responsibility for the care and welfare of all dogs at shows rests with their owner/s, or other person/s authorised by the owner/s, who have taken the dog to the showground. DOGS NSW cannot regulate to absolve any party of that responsibility.

This Part of the Regulations is provided to assist those parties in making responsible decisions in extreme weather conditions. If the exhibitor cannot ensure that the dog is, or will be, safe in the heat, it is safest to either not attend in the first place or leave at the first sign of possible discomfort. The Regulations are an attempt to reduce the exposure of a dog during times of high temperature or humidity, however, they should not be taken as any guarantee or indication that conditions compliant with the Regulations will be safe for any dog (or exhibitor) and the ultimate responsibility for a dog's welfare (and an exhibitor's welfare) remains with the exhibitor.

- 19.1.1 If, at any Show, an exhibitor considers that the heat conditions are or may be prejudicial to the comfort or welfare of their exhibit/s, they may leave the grounds immediately with no penalty or other consequence in relation to any award that may have previously been made at that show.

- 19.1.2 Where the Bureau of Meteorology NSW ("BOM") forecast on the BOM App (<http://www.bom.gov.au/app/>) for the location at or nearest to any show at 10.00am on the day before the scheduled commencement time of the show, indicates Extreme Weather for the date of the show, the following will apply:-
(02/17)

- (a) If the forecast maximum temperature at 10.00am on the day before the scheduled commencement time of the show or anytime thereafter is 38° Celsius or higher, the show or shows are to be immediately cancelled.
(01/18)
- (b) If the forecast maximum temperature is in the range of 35° to 37° Celsius, the Show Committee conducting the show must decide whether to maintain the existing arrangements, cancel the show or amend the start time and/or day for the show. This decision must be made immediately after checking the forecast at 10.00am on the day before the show. **(01/18)**
- (c) If the Show Committee is required to make a decision under 19.1.2, it may include decisions in relation to any other shows which are scheduled to be held on subsequent day/s as part of the same cluster of shows. **(01/18)**

- (d) Any decision which is taken in accordance with (a) or (b) or (c) must be made available to exhibitors within four hours by recording the decision on the extreme weather status phone number shown in the show advertisement or schedule and, notify all applicants for entry of exhibits of the cancellation of the show via email where an email address has been provided. DOGS NSW staff, when available to do so, will upload the information onto the DOGS NSW website and APP. **(02/18)**
- (e) Notwithstanding the foregoing provisions a Show Committee may make a decision to amend arrangements of a show or cancel the show earlier than 10.00am on the day before the show. **(11/17)**
- (f) Extreme Weather- Impact on Dog Sports
Herding, Drafting, Scent Work and Earthdog events, including tests and trials, must be cancelled when the forecast temperature available at 10.00am from the closest Bureau of Meteorology station to the venue (www.bom.gov.au/) two days prior exceeds 35 degrees Celsius. If the forecast temperature exceeds 30 degrees, Herding and Drafting trials and tests must commence by 8.00am, and be cancelled when the temperature exceeds 30 degrees as measured at the closest Bureau of Meteorology station to the venue. **(8/23)**

Lure Coursing trials and tests must be cancelled when the forecast temperature available at 10.00am from the closest Bureau of Meteorology station to the venue (www.bom.gov.au) two days prior exceeds 28 degrees Celsius. **(8/23)**

Lure Coursing trials and tests must be cancelled when the temperature exceeds 28 degrees Celsius as measured at the closest Bureau of Meteorology station to the venue. **(8/23)**

- 19.1.3 (i) In the months of December to February inclusive, an Affiliate has the option of conducting either a day show (or trial) or an evening show. During this period, day shows must be scheduled to commence no later than 8.00am and evening shows must be scheduled to commence no earlier than 6.00pm. Outside of this period, commencement times remain optional. **(10/10)**
- (ii) In the months of December to February inclusive, an Associate Affiliate has the option of conducting either a day show (or trial) or an evening show. During this period, day shows may be scheduled to commence no later than 9.00am providing all other requirements of the Extreme Weather Guidelines are adhered to. However, if the forecast temperature at 10.00am the day prior is between 35 to 37 degrees inclusive the start time will automatically revert to 8.00am. This must be communicated to exhibitors in the gazette advertisement. Automatic cancellation of the event still applies if the forecast temperature at 10.00am the day prior is 38 degrees or more. Evening shows must be scheduled to commence no earlier than 6.00pm. Outside of this period, commencement times remain optional. **(11/17)**

The second may be scheduled to commence at the conclusion of the first, however, if the BOM maximum temperature forecast on the BOM App for the location at or nearest to the show at 10.00am on the day before the show, is 35° to 37° Celsius, the second event must immediately be rescheduled to commence no earlier than 6.00pm. **(03/18)**
- 19.1.4.1 Any decision which is taken in accordance with 19.1.4 must be made available to exhibitors within four hours by recording the decision on the extreme weather status phone number shown in the show advertisement or schedule and, when staff are available to do so, upload the information onto the DOGS NSW website and APP. **(11/17)**
- 19.1.5 Where, at any show, it appears the temperature is rising to levels of approximately 35° or higher, it is the responsibility of the Show Committee to monitor the temperature on at least 30 minute intervals.
- 19.1.5.1 These readings should be taken using the official BOM observations for the location at or nearest the show venue on the BOM App. **(02/17)**
- 19.1.5.2 Where the Show Committee does not have access to the BOM App observations, the temperature is to be taken using a thermometer in accordance with the following instruction issued by the BOM NSW Climate Services Centre. **(02/17)**
- 19.1.5.3 “Locate the thermometer in full shade on a southern facing wall or on a southern verandah which has plenty of wind flow. Make sure early morning or late evening sunshine does not hit the thermometer. Full shade and plenty of air flow is recommended.”
- 19.1.5.4 On any occasion where the temperature observation on two successive readings taken in accordance with 19.1.5 exceed 38° Celsius the show is to be immediately cancelled with no further judging to take place after the announcement. **(02/17)**
- 19.1.5.5 If the reading taken at the scheduled commencement time of the show is 38° or above, commencement of the show may be delayed for no longer than two hours, and if by that time the temperature has not fallen below 38°, the show shall be immediately cancelled. **(02/17)**
- 19.1.5.6 Where any show is cancelled before its conclusion, any award made at the show prior to the announcement of the cancellation shall stand. **(02/17)**
- 19.1.6 All show advertisements or schedules are to contain an extreme weather status phone number. The phone numbers are to be maintained by the Show Committee which shall be responsible for ensuring that any cancellations of the show are recorded on the telephone number.

19.1.7 Whenever a show or trial is being conducted in hot or humid conditions, such conditions to be determined at the sole discretion of the Show Committee, the following recommendations are made to assist in expediting completion of the event. They are not intended to be exhaustive and affiliates, clubs and members are reminded to consider carefully their individual conditions and circumstances:-

Clubs conducting events should:-

- Ensure that fresh water is easily available for exhibitors and dogs, ie, provide the location of taps – there should be several taps available at large shows.
- Ideally, provide some child wading pools pre-filled with water in shady areas so that distressed dogs can be rapidly cooled.
- Provide shade for exhibitors and dogs in the assembly areas.
- Ensure Judges are aware that exhibitors and dogs can be directed to leave the ring for shelter and then come back into the ring for the final selection (ie, large class, Group or General Specials).
- Provide towels or similar covers to be placed on the examination tables.
- Provide regular announcements about the dangers of dogs being left in cars, trailers and closed tents (heat exhaustion).
- Postpone the luncheon break until after the conclusion of the show or trial.
- Postpone or cancel scheduled events which do not form part of the main competition (eg, Junior Handler heats, demonstrations, etc).
- Consider future scheduling of your show as an evening event.

Exhibitors should:-

- Obtain advice from their veterinary surgeon as to their dog's fitness/good health to be comfortable and well hydrated throughout the day.
- Bring suitable shade for protection from the sun and sufficient supplies to ensure that their dog is comfortable and well hydrated throughout the day.
- If they cannot keep their dog comfortable at a show or trial, leave the event.

19.1.8 For the purposes of this Regulation, "Extreme Weather" is defined as 35° Celsius or higher.

19.2 Safety Guidelines

The safety of members and their dogs is of paramount importance. All persons concerned with the conduct of shows or trials are required to exercise due care and to ensure that activities are conducted under safe conditions. The following requirements are to be observed:-

- a) Exhibitions are not to be conducted under hazardous conditions. The exhibition is to be suspended immediately unsafe circumstances arise, such as, but not limited to:-
 - (i) lightning or electrical storm in the local area; or
 - (ii) gales or high winds; or

(iii) heavy rain/hail which renders conditions hazardous

Exhibitions should only resume when conditions are no longer hazardous.

- h) Camping should not be provided by an organisation operating a sanctioned activity unless there is valid legal documentation approving such an activity. This activity must be specifically permitted in the terms of the lease and/or local council regulations.

It is the responsibility of any camper to ascertain whether camping is so permitted.

This Regulation does not apply to camping provided by an independent third party not concerned with the running of the activity.
- i) Smoking is not permitted in an area 20 metres from any ring in which an exhibition is taking place or 20 metres from any food vendor located on the showground.
(10/13)

19.3 **DELETED (04/17)**

19.4 **Wet Weather (05/22)**

Where grounds are open under wet weather conditions it is the exhibitor's decision to participate in any competition, exhibition or training exercise upon them having made a decision about their capacity to remain safe in the conditions. DOGS NSW cannot regulate to absolve any party of that responsibility, however, community expectations regarding the standard and safety of grounds generally has been increasing and having regard to the possibility of litigation in the advent of participant injury, DOGS NSW must meet these expectations.

Members should be provided with a set of guidelines undertaken by DOGS NSW in determining ground closure to facilitate an understanding of decision making processes.

DOGS NSW Discretion:

- 19.4.1 DOGS NSW “discretion”, means that DOGS NSW grounds are open if DOGS NSW determines it is safe to participate in dog events and the potential for damage to ground surfaces is minimal.

This Part of the Regulations is provided to assist members’ understanding that exhibiting on wet grounds can result in those grounds being closed for protracted periods of time. Grounds closure ensure grounds preservation, thus, grounds may subsequently be used more, over longer periods. Grounds closure can also negate the possibility of injury brought about by unsafe conditions.

Grounds Closure:

- 19.4.2 If dog grounds are open and heavy rains fall in the lead up to a show or dog related activity, the DOGS NSW Ground’s Committee has an obligation to cancel, if they consider that any of the following are present 48 hours prior to the event:-

- a) Conditions that would endanger the safety of participants
- b) Surface water (running or pooled) present on the dog activity area
- c) Dog activities would cause serious deterioration of ring surfaces
- d) Presence of muddy surface/s on the dog activity area/s
- e) Water rises to the surface when walking across the dog activity area/s
- f) Surface is slippery to walk on or the grass covering is easily dislodged
- g) Grounds cannot be prepared/maintained by groundsmen without damage being occasioned to surface areas
- h) Any ground condition that might expose the organisation/club to a negligence based personal injury action

- 19.4.3 Any decision made on the basis of 19.4.2(a) to (h), must be made available to exhibitors within four (4) hours by:-

- a) recording the decision on the extreme weather status phone number shown in the show advertisement or schedule
- b) notify all applicants for entry of exhibits of the cancellation of the show via email where an email address has been provided

- 19.4.4 DOGS NSW staff, when available to do, so will:-
- a) upload the information onto the DOGS NSW website and APP
 - b) disseminate information via text message to members
 - c) disseminate information via Weekly Woof special bulletin

19.4.6 Notwithstanding the foregoing provisions, a Show Committee may make a decision to amend arrangements of a show or cancel the show earlier than 10.00am on the day before the show.

19.5 **Lightning Policy:**
(05/22)

19.5.1 The Show Manager/Show Secretary will monitor the weather forecast prior to a canine event being conducted to determine the possibility of impending lightning risk. The site to be used is www.bom.gov.au.

19.5.2 If skies are threatening on the day of an event then the Show Manager must monitor them visually and utilise the Bureau of Meteorology website to help determine risk.

19.5.3 Where lightning or thunder are observed, three (3) seconds between the “flash and bang” is equivalent to one (1) kilometre. Risk increases dramatically where there is less than 30 seconds between the “flash and bang”. At the first signs of:

a) Visual lightning

b) Audible thunder

The Show Manager will, utilising a PA system, announce to exhibitors that the show is stopped immediately and that they should:-

- Avoid solitary trees
- Avoid light towers or metallic structures
- Avoid water
- Avoid open ground
- Avoid high ground

- Avoid use of mobile phones and umbrellas
- Seek shelter within a solid structure or vehicle and not gazebos which are not safe

Where possible the Show Manager should suspend activities allowing sufficient time for exhibitors and exhibits to get to safety.
